Revised Popular New Items Display Board  
puts the hottest new items at your finger tips!

Part No.: DB-PNI

Keep up-to-date with what's hot! The 2008 edition of our Popular New Items Display Board contains the 40 most popular new items we have added to the Auveco line. Make sure your customers know you can supply them with these high demand parts. Products include retainers, push-type retainers, specialty rivets, rocker panel moulding clips, garnish moulding clips, license plate and specialty tapping screws, screw grommets, a door hinge pin, a grille fastener and bumper cover clips. The back of the display board contains all the information on O.E.M. numbers, descriptions, specifications, dimensions and Auveco unit package quantities.
